Houston, TX | 713-344-5228 | yadagirisriram27@gmail.com | [LinkedIn](#) | [GitHub](#)

EDUCATION

University of California, Berkeley

Fall 2026 – Present

B.A. in Computer Science, Expected Graduation 2030

Westside High School

Graduated 2026

GPA: 4.0 | Class Rank: 1/608 | SAT: 1540

TECHNICAL SKILLS

- Languages: Python, JavaScript, Java, Kotlin
- Frameworks: React, Flask, Node.js
- Platforms & Tools: MySQL, MongoDB, Firebase, AWS, Git, Jira
- Certifications: Pearson IT Specialist – Java; Google Project Management Certificate (Agile & Scrum)

PERSONAL PROJECTS

NewsSense — AI Bias & Misinformation Detector

- Built a Flask web app using the OpenAI GPT-5 API and a custom NLP rubric based on journalistic standards to flag bias and misinformation in news articles
- Integrated the Google Custom Search API to perform real-time fact verification and present supporting sources alongside AI-generated credibility assessments.

SAT Wizard — Adaptive Test Prep Platform Built a React, Node.js, and Firebase platform that adapts question difficulty based on a student's previous performance.

TECHNICAL & PROFESSIONAL EXPERIENCE

Code2College — Software Development & AI Programs

2022 – Present

- Completed Full Stack Development I & II, Software Development Essentials, and Mobile App Development (Kotlin) coursework covering React, JavaScript, Flask, and Android app design
- Completed Elite 101 professional-practices track covering Git version control, Jira ticketing, Agile team workflows, and software testing fundamentals
- Won Code2College AI Demo Day for an AI-powered bias and misinformation detection application (see Projects)
- Selected for the Code2College x Roku Challenge, learning Roku's proprietary BrightScript language and SceneGraph framework from scratch to build a working Roku channel application with mentorship from Roku engineers

Central Books

Intern, 2024

- Designed and implemented features such as a flip-book for the company website and supported digital publishing workflows
- Collaborated with a small technical team to improve user-facing web interfaces

Handshake AI

AI Trainer, 2026

- Leveraged precise technical analysis to evaluate complex edge cases for data consistency

Best Brains Learning Center / Mathnasium

Tutor, 2020 – Present

- Tutor math, English, and test prep (STAAR, SAT, COGAT) for Pre-K–12 students, including introductory coding

LEADERSHIP & COMMUNITY

UIL Science Club — President

2024 – 2026

- Co-founded the club, organized weekly practices, recruited members, and led the team to qualification for the UIL State Science Competition.

Boy Scouts of America — Eagle Scout

2018 – 2026

- Planned and led a service project from proposal through execution, coordinating volunteers, budget, and timeline; 400+ cumulative service hours

AWARDS

- National Merit Scholar Finalist • AP Scholar with Distinction • Code2College AI Ultra Winner
